Safety is our priority!
Gliding from tree to tree is a
wonderland for children!
Acrobranch will bring them
the feeling of being an
adventurer in a secured
environment.

We'll secured fun is just a
step ahead...

→ Qualified and well-trained staff positioned all along your outdoor adventure

→ Safety gear imported from Europe, verified by European industry experts - harnesses with a weight capacity of 120 kg

→ All participants will be safe during the whole outdoor adventure thanks to Clic-It Harnesses. Always attached to the safety line.

→ Introduction training about safety rules before climbing on the trees

hello!

Courses :

- Depending on the age and height of a child, you can select a specific course that best suits them.
- Children of varied ages are encouraged to choose different courses best suited for age groups.
- Let your children go wild under the watchful eyes of the instructors as they trapeze, swing, climb and zip line their way through the course.
- Encouraging your children to spend their time outdoors can be an essential element in your child's development
